1. Review of Performance

Comparison results of current quarter and previous corresponding quarter

The Group recorded revenue of RM92.55 million for the current quarter under review representing an increase of 6.4% over revenue of RM86.96 million of previous corresponding quarter.

The Group recorded profit before tax of RM0.78 million for the current quarter under review representing a decrease of 5.1% over profit before tax of RM0.82 million of previous corresponding quarter.

Comparison results of current period and previous corresponding period

The Group recorded revenue of RM363.20 million for the current period under review representing an increase of 4.1% over revenue of RM348.70 million of previous corresponding period.

The Group recorded profit before tax of RM2.87 million for the current period under review representing a decrease of 31.0% over profit before tax of RM4.16 million of previous corresponding period.

The performance of the business segments for the current period is described as below:

1) Investment Holdings Division

The Investment Holdings Division recorded higher revenue as compared to previous corresponding period due to higher dividend received from subsidiaries. As a result, the division recorded higher profit before tax if compared with previous corresponding period.

2) Trading and Service Division

The revenue in Trading and Service Division recorded an increase of 4.6% as compared to previous corresponding period. Overseas sales improved by 13.3% mainly contributed by both Singapore and Dubai subsidiaries, further amplified by the weakening in local currency. On the other hand, the local sales decreased by 4.8% due to weaker demand in the local market.

However, the division's results decreased by 23.7% as compared to last corresponding period due to the deteriorating margin in the competitive local market.

3) Manufacturing Division

The revenue in Manufacturing Division has increased by 6.0% as compared to previous corresponding period which is mainly due to the improvement in sales from overseas market.

The division has recorded a higher profit representing an increase of 25.2% if compared to previous corresponding period. It is mainly attributed to higher sales and better cost management. The Company continue to focus on improving efficiency and productivity.

2. Variation of results against immediate preceding quarter

The Group recorded revenue of RM92.55 million for the current quarter under review, representing a slight decrease as compared to RM92.59 million in the immediate preceding quarter. Meanwhile, the Group recorded profit before tax of RM0.78 million, representing a decrease of 5.1% as compared to the preceding quarter's profit before tax of RM0.82 million.

3. Commentary on prospect

The Board expects the Group's outlook for the next financial year to remain challenging in view of the intense competition and weak economic environment due to the implication of the Covid-19 outbreak that would affect the Company's revenue and operating margin. Nevertheless, the Group will continue to embark on cost reduction and rationalisation exercises as well as improving operational efficiency. In addition, the Group will put more effort into growing and expanding its international business.
