ADDITIONAL INFORMATION REQUIRED BY THE BURSA MALAYSIA SECURTIES BERHAD LISTING REQUIREMENTS

1. Review of Performance

Comparison results of current quarter and previous corresponding quarter

The Group recorded revenue of RM82.46 million for the current quarter under review representing an increase of 6.0% over revenue of RM77.77 million of previous corresponding quarter.

The Group recorded profit before tax of RM14.71 million for the current quarter under review representing a reversal of 2,535% over loss before tax of RM0.60 million of previous corresponding quarter. The significant improvement is mainly due to the one-off gain on disposal of land.

The performance of the business segments for the current quarter is described as below:

1) Investment Holdings Division

The Investment Holdings Division recorded higher revenue as compared to previous corresponding quarter due to dividend received from subsidiaries. As a result, the division recorded lower loss before tax if compared with previous corresponding quarter.

2) Trading and Service Division

The revenue in Trading and Service Division recorded an increase of 9.4% as compared to previous corresponding quarter. Local sales improved by 19.2% contributed by strong demand in the local market. On the other hand, the overseas sales decreased by 5.3% due to weaker economic condition outside Malaysia, however the decline is mitigated by the weakening in local currency.

Hence, the division's results increased significantly by 62.0% as compared to last corresponding quarter due to sales improvement and effective cost management.

3) Manufacturing Division

The revenue in Manufacturing Division has increased by 18.6% as compared to previous corresponding quarter which is mainly due to the increase in sales from inter-companies.

The division has recorded a loss representing a decrease of 115.2% if compared to previous corresponding quarter's profit. It is mainly attributed to the increase in operating expenses coupled with lower gross margin achieved in the quarter. The Company continue to focus on improving efficiency and productivity.

2. Variation of results against immediate preceding quarter

The Group recorded revenue of RM82.46 million for the current quarter under review, representing a decrease of 10.9% as compared to RM92.55 million in the immediate preceding quarter. Meanwhile, the Group recorded profit before tax of RM14.71 million, representing an increase of 1,796% as compared to the preceding quarter's profit before tax of RM0.78 million. The significant improvement is mainly due to the one-off gain on disposal of land.

3. Commentary on prospect

The Board expects the Group's outlook for the year to be positive despite the Covid-19 pandemic due to the change in our marketing strategy focus shifting to home shopping distribution channels, growing our business in e-commerce and tv shopping channel apart from the offline channels. The Group will continue to embark on cost reduction and rationalisation exercises as well as improving operational efficiency and put effort into growing and expanding its international business.
